FYI... Nice article on the forth-coming workforce development efforts by DTSC near Exide.

Also, here's a short, overall good article from EGP News, which is the local bilingual newspaper in communities surrounding Exide: "Exide: From Brownfield to Classroom" <http://egpnews.com/2016/04/exide-from-brownfield-to-classroom/>. We're still waiting for the correction from "CalEPA" to "US EPA" but we'll get that in there...

All my best,
